

The background is black and features several intricate, stylized green patterns. At the top, there are large, flowing floral motifs with multiple petals and long, sweeping stems. Below these, there are smaller, more delicate floral designs, including what appears to be a clover-like flower. A prominent feature is a large, tight spiral on the left side. At the bottom, there are more floral elements, including a large, curved shape that resembles a stylized leaf or petal. The overall aesthetic is elegant and organic.
